

## *TS723 Product Specifications*

### **System**

- **230 V**
- **Single Phase**
- **60 MHz**

### **Motor**

- **Three-phase current motor with cylinder-worm gear pair**
- **1/2 HP**
- **Operating temperature 0°C (32°F) & above (Heater options are available for applications below 0°C)**

### **Motor Mounting Bracket**

- **Steel**

### **Drive Chain**

- **Corrosion-resistant**
- **Nickel-plated**

### **Spring-loaded Idler Assembly**

- **Sprocket, spring & adjustable bolt**

### **Control Box**

- **Microprocessor Control system**
- **Steel Construction**
- **Operating temperature 0°C (32°F) & above (Heater options are available for applications below 0°C)**

### **Pull-Cord Control Station**

- **Surface mount**
