

EVR Series

■ Dependable, Affordable Safety That's Easy to Install.

PIONEER's EVR 600 Truck Restraint makes automatic dock safety affordable and easy. With just the push of a button, the EVR-600 provides in excess of 50,000 lbs. of holding strength for additional safety against unexpected truck movement. The unit's operating system is completely self-contained within a heavy-duty steel console for protection from dock debris, the elements, and accidental damage. The EVR-600 works without scheduled adjustments or risky manual effort by the operator. Periodic lubrication is the only maintenance necessary!

■ Warranty

PIONEER offers a 1-year warranty on all structural members. A 1-year warranty is provided on mechanical, electrical, and miscellaneous parts (including materials, labor, and freight).

■ Guarantee

Pioneer will provide our standard warranty or match any documented competitive warranty in the industry for comparable models. There is no fine print. *We build it and we guarantee it!*

EVR Series

Features & Specifications

ALL PIONEER Truck Restraints meet 1998 ICC regulations.

Durability

- **Bolt-hole Pattern Design** provides optimal holding force.
- **Non-impact Operation** meets 1998 ICC regulations.
- Fully automatic unit provides **Restraining Force in excess of 50,000 lbs.**

Easy Installation

- **Installs** in approximately **1 hour**.
- Mounts directly to face of new or existing dock using **8 anchor bolts and 2 ground anchors**.
- **Recommended Factory Consultation** available for dock heights of less than 48" or 24" deep pits.
- **Optional Factory Provided Blockout** available for bumper projections greater than 4" (including Edge-of-Dock Levelers).
- **Optional Steel Mounting Plate** for new construction and **Template for Pre-mounting Attachment Bolts**.

Simple Operation

- Fully automatic unit provides reliable operation with simple, **Push-button Control**.
- **Low-profile Restraint Housing** height and mounted location do not restrict access to dock by smaller vehicles such as UPS trucks, delivery vans, or pick-up trucks.

Safety

- **Hook** captures and holds all legal ICC Bars. **Positive Hold Feature** maintains ICC bar contact with hook while allowing free float with vertical truck movement.
- **Automatic Restraint Hook** is released and retracted effortlessly by dock attendant with just the touch of a button.
- The EVR-600 **Communication System** includes inside/outside **Traffic Light Signals** and **Driver Warning Signs**.
- **Fully Enclosed Operating System** guards against physical and electrical overload.
- **Automatic Warning Alarm** sounds if the hook does not capture the ICC Bar.

Note: When Pit Leveler lip length exceeds 18" or Pit depth exceeds 20" notify factory.
